

ULF JOHANSSON

EXPERIENCE

“Leadership is about communication, direct and clear communication. To understand, that everything I do as a leader, affect the organization and its employees. Self-awareness is key to being clear in his management.”

- During the years that I have operated as an professional, has the drive within me always been, what is said above.
- My teacher professor Peter Koestenbaum always said “Where people grow profits grow, never the way around” and then he didn’t spoke about money.
- The group off companys that I am involved in, is a momotanius result off that, spirit with my inner flame of innovation and crativity.

1993 November –

- AttentusGöteborg AB, 100 % owner. Consulting within management, risk analysis, organisation developmen, crating network. Whitin Attentus there are partly owned companys:
 - Applied Nano Surfaces (ANS)
